

## Is your business ready for AI?

A structured 2-hour engagement that gives you a clear, honest picture of where you stand, and exactly what to do next.

### WHAT'S INCLUDED

- **Business & Process Audit**  
A structured review of your core operations, workflows, and current technology stack to identify AI entry points.
- **Data Landscape Assessment**  
Evaluation of your data availability, quality, and infrastructure. The single biggest determinant of AI feasibility.
- **Use Case Prioritisation**  
We identify and rank 3–5 high-impact AI opportunities specific to your business, with effort and ROI estimates.
- **Risk & Readiness Scoring**  
A scored readiness profile across six dimensions: data, infrastructure, team, process, budget, and strategy.
- **Written Assessment Report**  
A clear, jargon-free 5–10 page report with findings, scored readiness, and a prioritised recommendation roadmap.
- **30-Min Follow-Up Call**  
A debrief session within 5 business days to walk through findings and answer implementation questions.

### WHO IS THIS FOR?

- Businesses considering their first AI investment
- Founders unsure where AI fits their operations
- CTOs wanting an external, objective AI audit
- Companies with failed AI pilots needing a reset
- Organisations preparing an AI business case

Assessment fee is fully offset against any subsequent project engagement.
